## **Highlight of Tibet:**

For travellers nonplussed by Tibet's religious significance, the big draw is likely to be the elemental beauty of the highest plateau on earth. Geography here is on a humbling scale and every view is lit with Spectacular Mountain light. Its Tibetan meaning of 'Goddess the Third' adds more mysterious color and magic power to the subject. And with this fusion of nature and cultural landscape, Tibet is a place that will likely change the way you see the world and remain with you for years to come. And that for me is the definition of the very best kind of travel.

## **Highlight of Ngari (Ali) :**

Himalayas, Gangdise Mountains, Kunlun Mountains, Karakoram Mountains and several other arch-shaped mountains lay in order from southern to northern Ngari.

Walking in the Kailash mountain range @ where is the Polar heart, the gods of the hall - Gangrenboqi, mother of the world's rivers Mansarovar - Ma Yong measures beside, there is the former palace of the Guge Kingdom ruins, as well as soil forest, a place to grow lakes, snow surrounded the hometown, let your mind surging looked absolutely delighted.
